Basic Description of Test

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an "alert" within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes set up in a pattern of *one or two* rows, spaced a minimum of 48" apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW™ website.

*All exhibitors should obtain and review a copy of the **NACSW™K9 NOSE WORK® RULE BOOK**. You may get it from their website: www.NACSW.net*

Results

During the odor re-sets, the official results sheet will be brought out to the parking area for testers to photo or review. We recommend you verify your results on the official results sheet and let your host or judge know if you have any questions regarding your results.

The test will be inside on a cement floor in a warehouse type facility. All access is paved with slight inclines and no stairs.

Be prepared to keep your dog in your car when not being tested or on leash at all times. There is no inside crating at this test.

Reactive Dog Parking

There will not be reactive dog parking at this test.

Due to unforeseen conditions, such as weather or change in availability of areas at the location, this policy may be modified at the last minute.

Dog Policies

- All dogs must be on a 6' leash at all times when not being tested. NO flexi-leashes while not participating in a test.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating testing space, interrupting a test, or from viewing any part of the testing.
- Competitors should expect to keep their dogs confined in a crate or vehicle when not testing and should plan to provide their own shade using canopies or shade cloths.
